

The background features a dark teal gradient with a central graphic of three concentric circles. Various icons representing IoT and data concepts are scattered around the circles, including Wi-Fi symbols, cloud storage icons, server racks, and binary code (1010 1010).

IoT, Big Data And AI: Innovating STEM Teaching Through Strengthening Teacher Professionalisation

**Teaching Module Team Presentation & Closing
Wednesday, 15 December 2021**

Agenda

1. Welcome Remarks by Dr David Crellin, ScienceScope
2. Team Presentations
3. Q & A
4. Practical Information for the Final Submission
5. Closing Remarks by Ms Leonie Nagarajan, ASEF
6. Group Photo

Welcome Remarks

Team Presentations

Team – Wind Speed and Wind Direction

Team – Solar Radiation & UV Index

Team – Rainfall & Rain Rate

Team – Temperature (Glaciers)

Team - Temperature (Health)

Team – Biometric Pressure

Q & A

Practical Guideline – Final Submission

1. Final Due Date: **31 Dec 2021**
2. Wait for our feedback to finalise the Module
3. Work on it as a team after we have provided you the feedback
4. Select a team member to send us the final module at classnet@asef.org. Please keep all your team members in cc as well (those who worked on the document with you), as well as David, Leonie, Angie, Josh and Jyoti.
5. After the email, you are done! We will update you regarding the Handbook Creation in due time.

Closing Remarks
